JORDY

POP SINGER-SONGWRITER

JORDY is an LA-based pop musician and singer-songwriter who has been praised by *TIME* for his "conversational style" of music and knack at creating "bright, undeniably joyful pop beats." With a heart-on-his-sleeve approach to modern pop music, JORDY has amassed a devoted following and accumulated 100+ million streams worldwide. The artist on the ascent is currently working on his much-anticipated sophomore album and made his major U.S. festival debut at Lollapalooza earlier this summer. More original music, tour dates, and exciting news will be shared soon.
